Patrick And Marty Go Out With A Bang On ONE LIFE TO LIVE

Fan favorites Marty and Patrick *finally* managed to get hitched — but it came as no surprise that their wedding day didn't go off without one.

Everything seemed perfect, from the wedding ceremony atop Llantano Mountain to the country club reception. But before they could cut the cake, Patrick was cut down by a bullet.

For months, we watched Todd plot to ruin Patrick. Manning pushed to have the Irish authorities reopen the Lord Whiting bombing case, which would implicate Patrick. The plan went awry when Patrick's old partner in crime, Michael Mahoney, learned that the case was being investigated. He decided to come to Llanview and kill everybody who knew about the bombing. All of a sudden, Patrick wasn't the only one in danger. Todd's life — as well as Starr's and Téa's — were also in jeopardy. A nervous Manning suggested to Téa that they take a vacation ... right away!

ANN LIMONGELLO/ABC-TV

Patrick (Thorsten Kaye) and Marty's (Susan Haskell) tragic love story had a happy ending.

At the reception, Mel overheard the terrorists (who were disguised as waiters) discussing their plan of attack. The scribe raced back in and shouted, "Everybody get down!" before taking a bullet that was meant for Thornhart. An injured Mel told Patrick that the gunmen were on their way to Todd's place. Concerned for Starr's safety, Patrick ran off to Todd's penthouse and slipped in without Mahoney noticing.

"Mahoney!" Patrick shouted at the terrorist, who responded by shooting him. They wrestled, and the gun went off again, but this time, the terrorist was dead. Marty rushed in to find her new husband covered in blood.

Feigning concern, Todd told Patrick: "The last thing I want is you dying to save my life. Please don't die."

But Patrick got the sweetest revenge. "You'll live knowing that I saved
